### Physical Resources in the Community

---

The Township's physical landscape is characterized by hundreds of square kilometres of forested areas and numerous rivers, lakes and streams. South Algonquin is also located on the Canadian Shield, meaning the land is very rocky and acidic, leading to low fertility.

The forestry industry within the Township depends heavily on sources of timber found in Algonquin Park where old-growth forests of hardwood sugar maple, yellow birch and hemlock are selectively logged. The Township's two lumber companies are McRae Mills Limited in Whitney and Murray Brothers Lumber Company Limited in Madawaska.

**Availability and Suitability of the Land**

The term “Crown Land” refers to land that is controlled and administered by the provincial or federal governments. Approximately 80% of the Township of South Algonquin’s land base is Crown Land. The Township’s Official Plan does not apply to these areas, nor is development permitted upon them.

**Management of Waste and Litter**

Waste management within the Township is conducted primarily at landfills in Whitney and Madawaska. Monitoring wells are in place at both landfill sites. Currently, the Township recycles electronics, tires, and metals.

## Economy

---

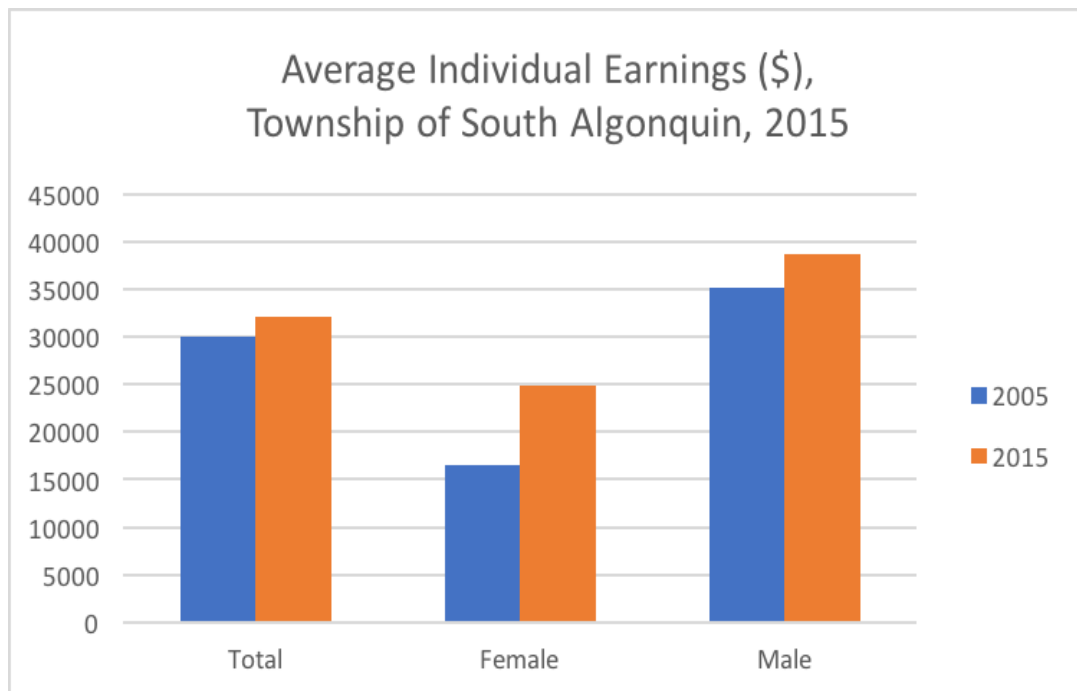

South Algonquin's economy is largely based and dependent upon primary resources, with the logging industry providing, both directly and indirectly, the majority of the jobs in the area. This industry provides many jobs working both in the logging fields, and also at the local mills. South Algonquin also has a small tourism industry, aided by the Township's proximity to Algonquin Park.

Statistics Canada, 2016 Census

By comparing the labour participation rates of South Algonquin to those of the province and country as a whole, it is evident that there is a significant retired population in the Township. The unemployment rates are cause for concern, as they are significantly higher than the provincial and national averages due to the seasonal employment.

## Local Services

---

The Township of South Algonquin has several small businesses to serve local residents and tourists alike. These businesses offer items such as accommodation, fuel, groceries, liquor and beer, and restaurant meals. Because Whitney is bordered by Algonquin Park to the west, the town is frequently seen as the last place to stop for supplies by visitors to the park coming from the east. The hamlet of Madawaska also offers a number of essential services.
